

## ASMS Polymer Interest Group Workshop Report

Workshop date: Monday June 6, Room 275

Interest group Chair for 2015-2016: Gyorgy Vas

Interest Group Co-chair 2015-2016: Stephen Rumbelow

Number of attendees: 57

The workshop was organized to discuss Mass Spectrometry Technology and Challenges within the polymeric material field. A single topic of pre-prepared slides was discussed. The group had discussed feedback from the last year workshop, and looking for improvements.

Gyorgy Vas the current chair completed his two years term. Stephen Rumbelow will be chairing the group in years 2017-2017. The interest group has recommended Christina Mastromatteo from Lubrizol as a co-chair for years of 2017-2018.

After the election process scientific topics were discussed. The workshop was turn into a very efficient problem solving session. Members presented their problem and seeking from solution from experts in the polymer group.

The group also discussed to propose Chris Wesdemiotis as oral session chair for the Synthetic polymer or polymeric materials oral session.
