### AWARD NOMINATION FORM

**AWARD FOR A DISTINGUISHED CONTRIBUTION IN MASS SPECTROMETRY** recognizes a focused or singular achievement in fundamental or applied mass spectrometry, in contrast to awards that recognize lifetime achievement. Eligibility is restricted to members of ASMS. Nominations will be held for three years. The award is conferred at the ASMS Annual Conference with the presentation of a \$10,000 cash award, a recognition plaque, and the award lecture.

**THE BIEMANN MEDAL** is awarded to an individual early in his or her career in recognition of significant achievement in basic or applied mass spectrometry. Nominees must be within first 15 years of receiving the Ph.D. in the year the nomination is considered. This is a general guideline and exceptions will be considered. Exceptions should be requested in the letter of nomination.

The Biemann Medal was established by contributions from students, postdoctoral associates and friends to honor Professor Klaus Biemann. Eligibility is restricted to members of ASMS. Nominations are held for three years so long as the date of Ph.D. is still within the eligible range. The award is conferred at the ASMS Annual Conference with the presentation of a \$5,000 cash award, the Biemann Medal, and the award lecture.
