

# BALTIMORE

## THE FACE OF ASMS

Demographic Analysis of the 7,176 Person Membership in 2024  
by the Membership, Diversity, and Inclusion Committee

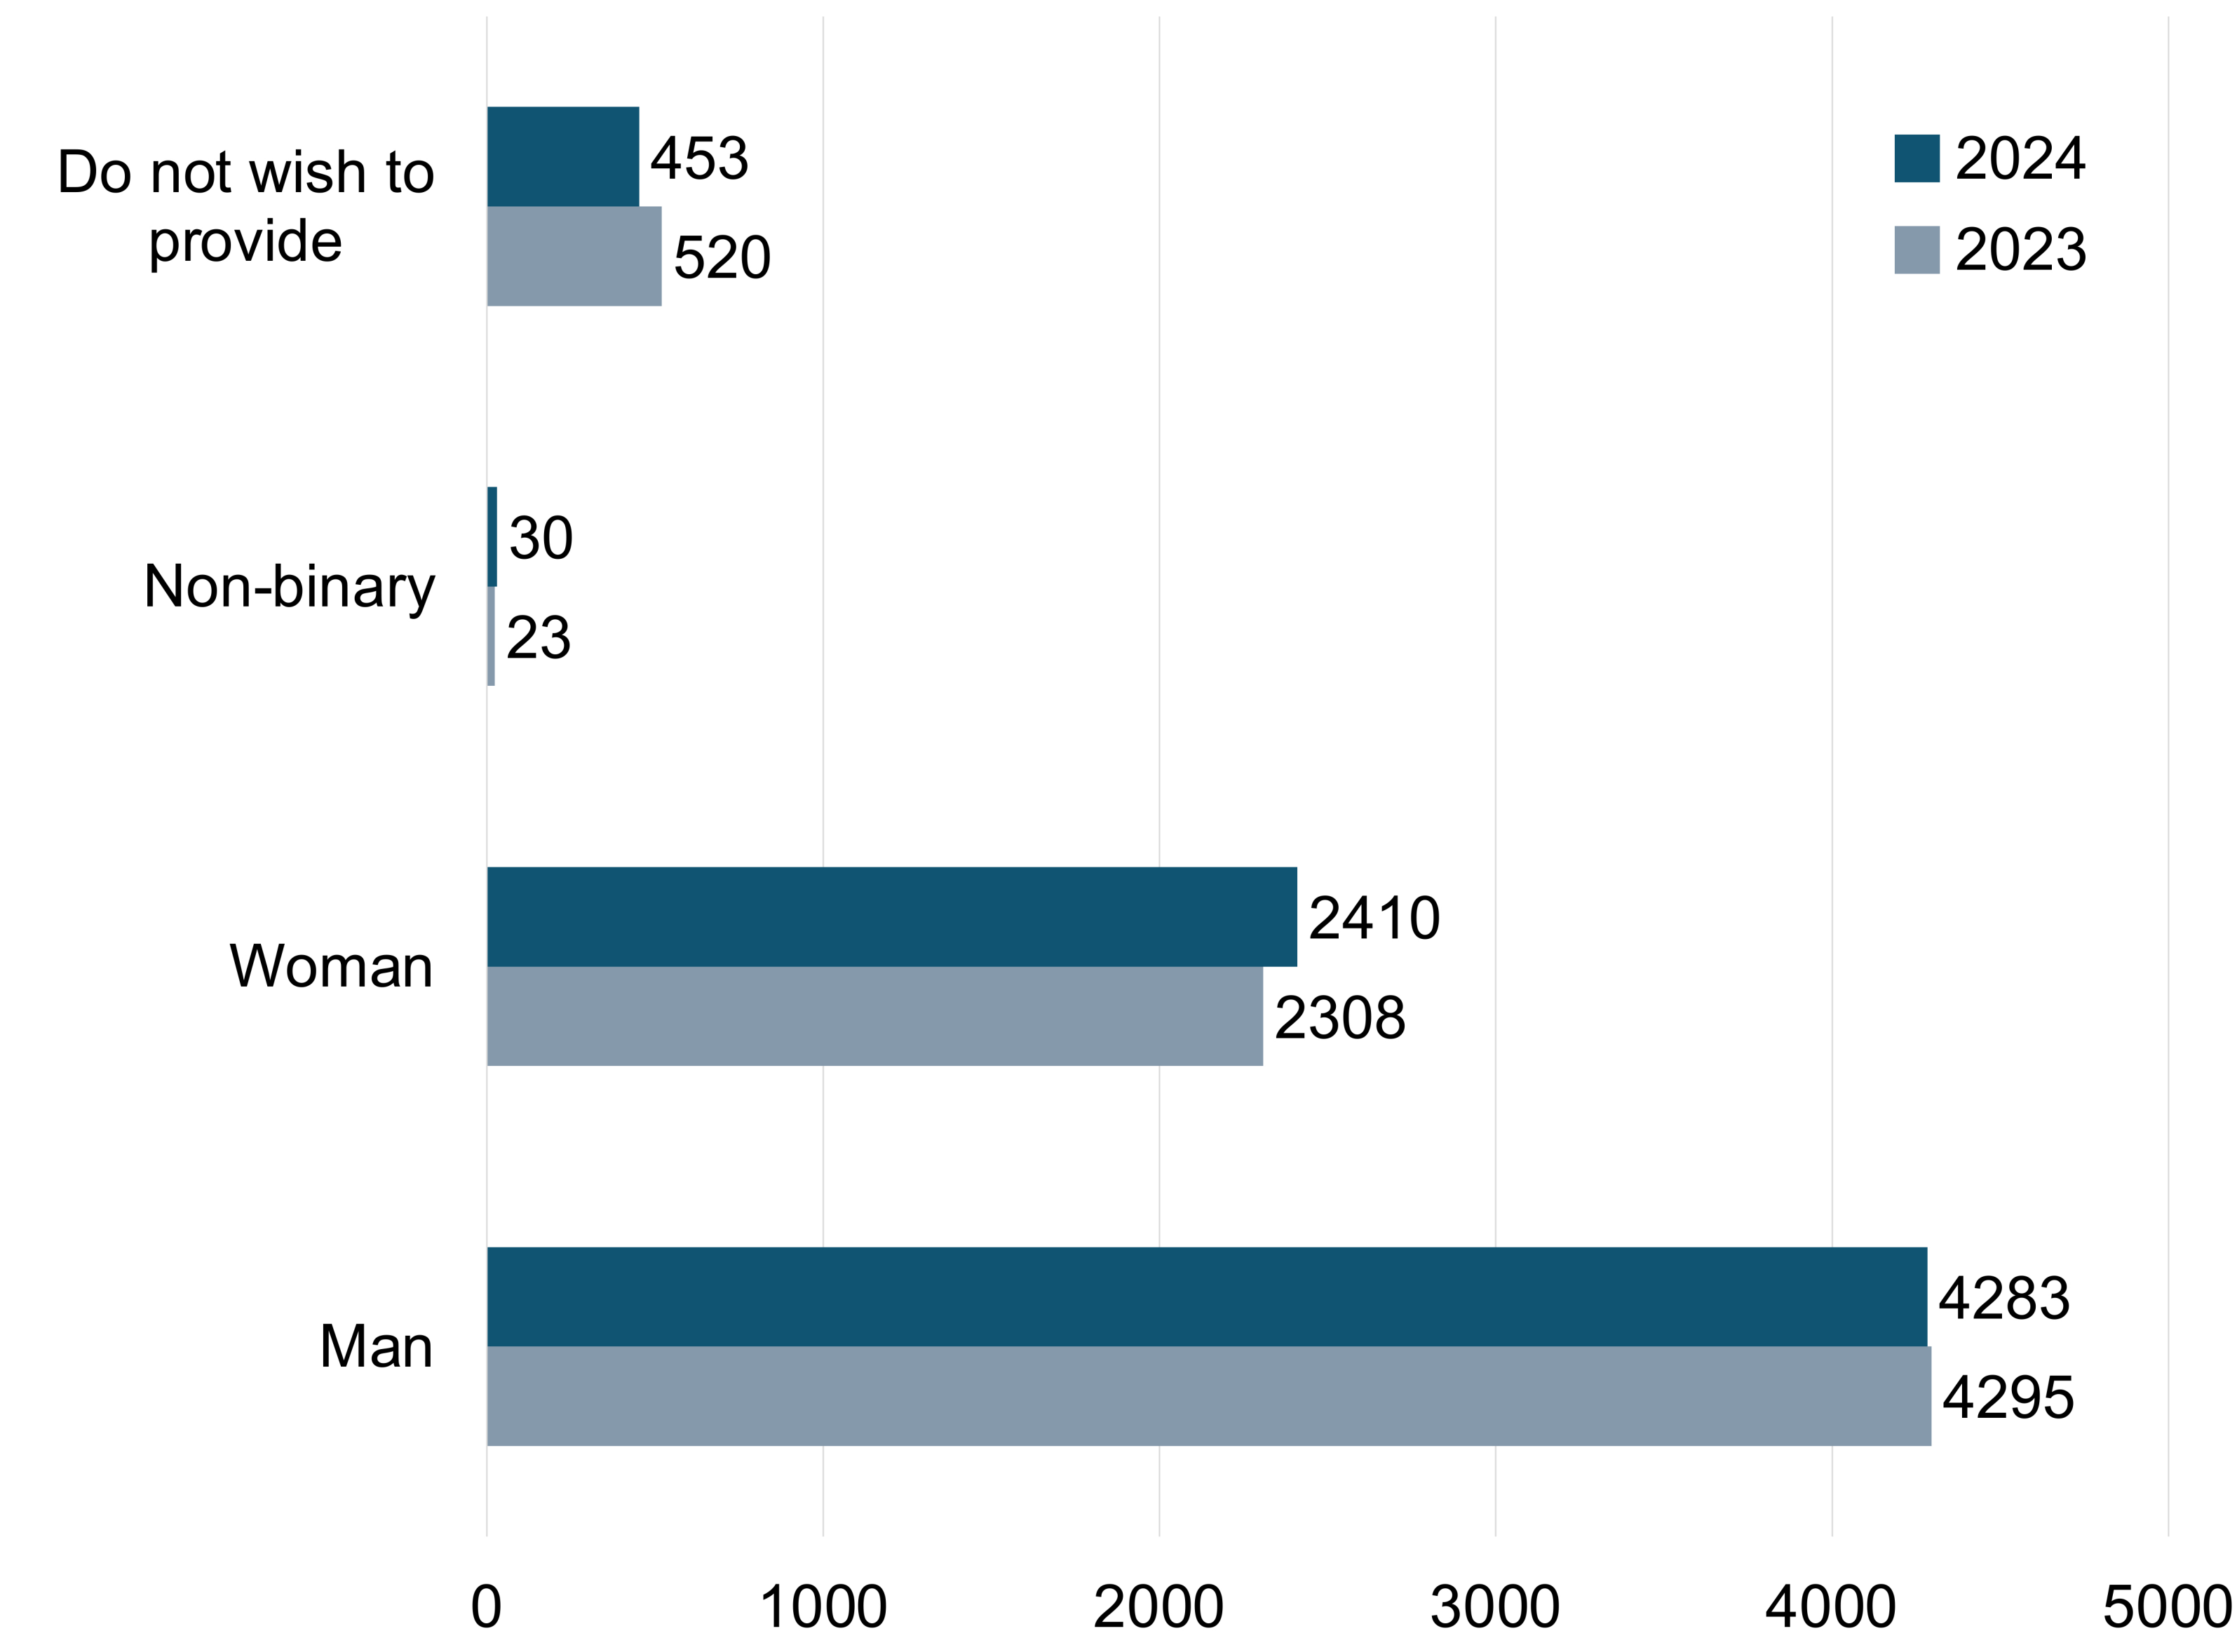

National Origins of All ASMS Members

National Origins of Woman-identifying ASMS Members

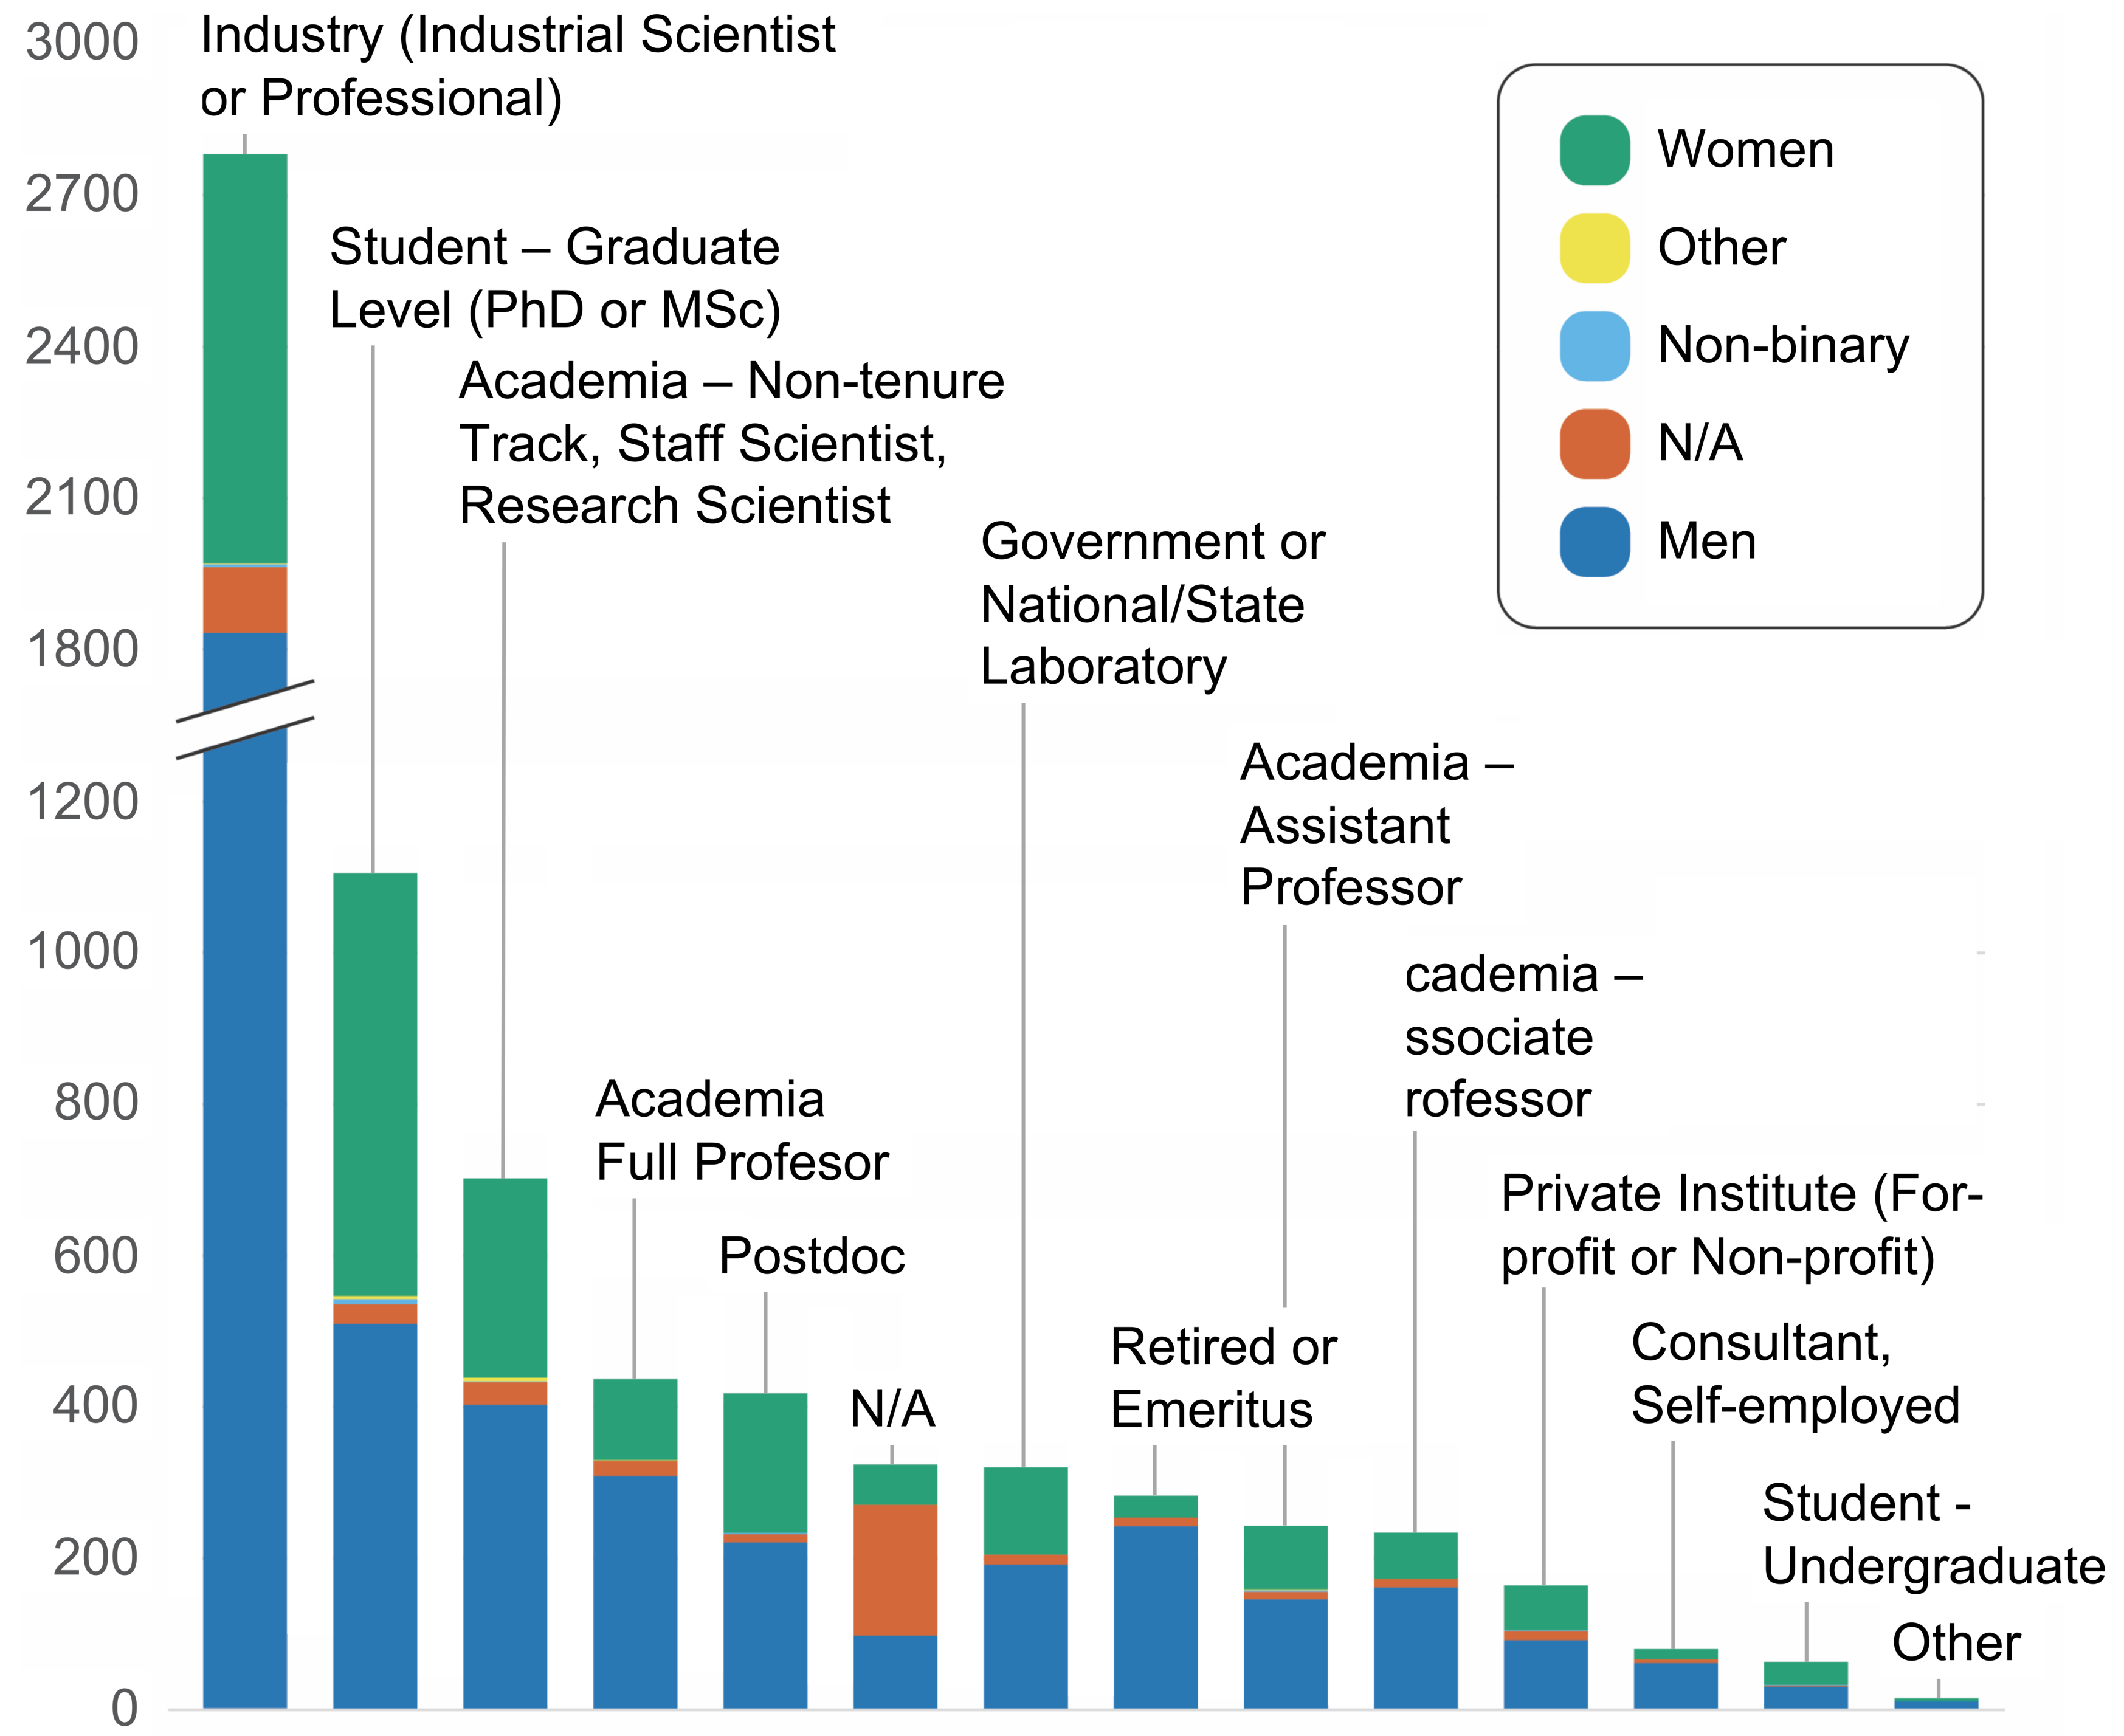

### Gender

Women represent 34% of total membership, an increase of 2% from last year.

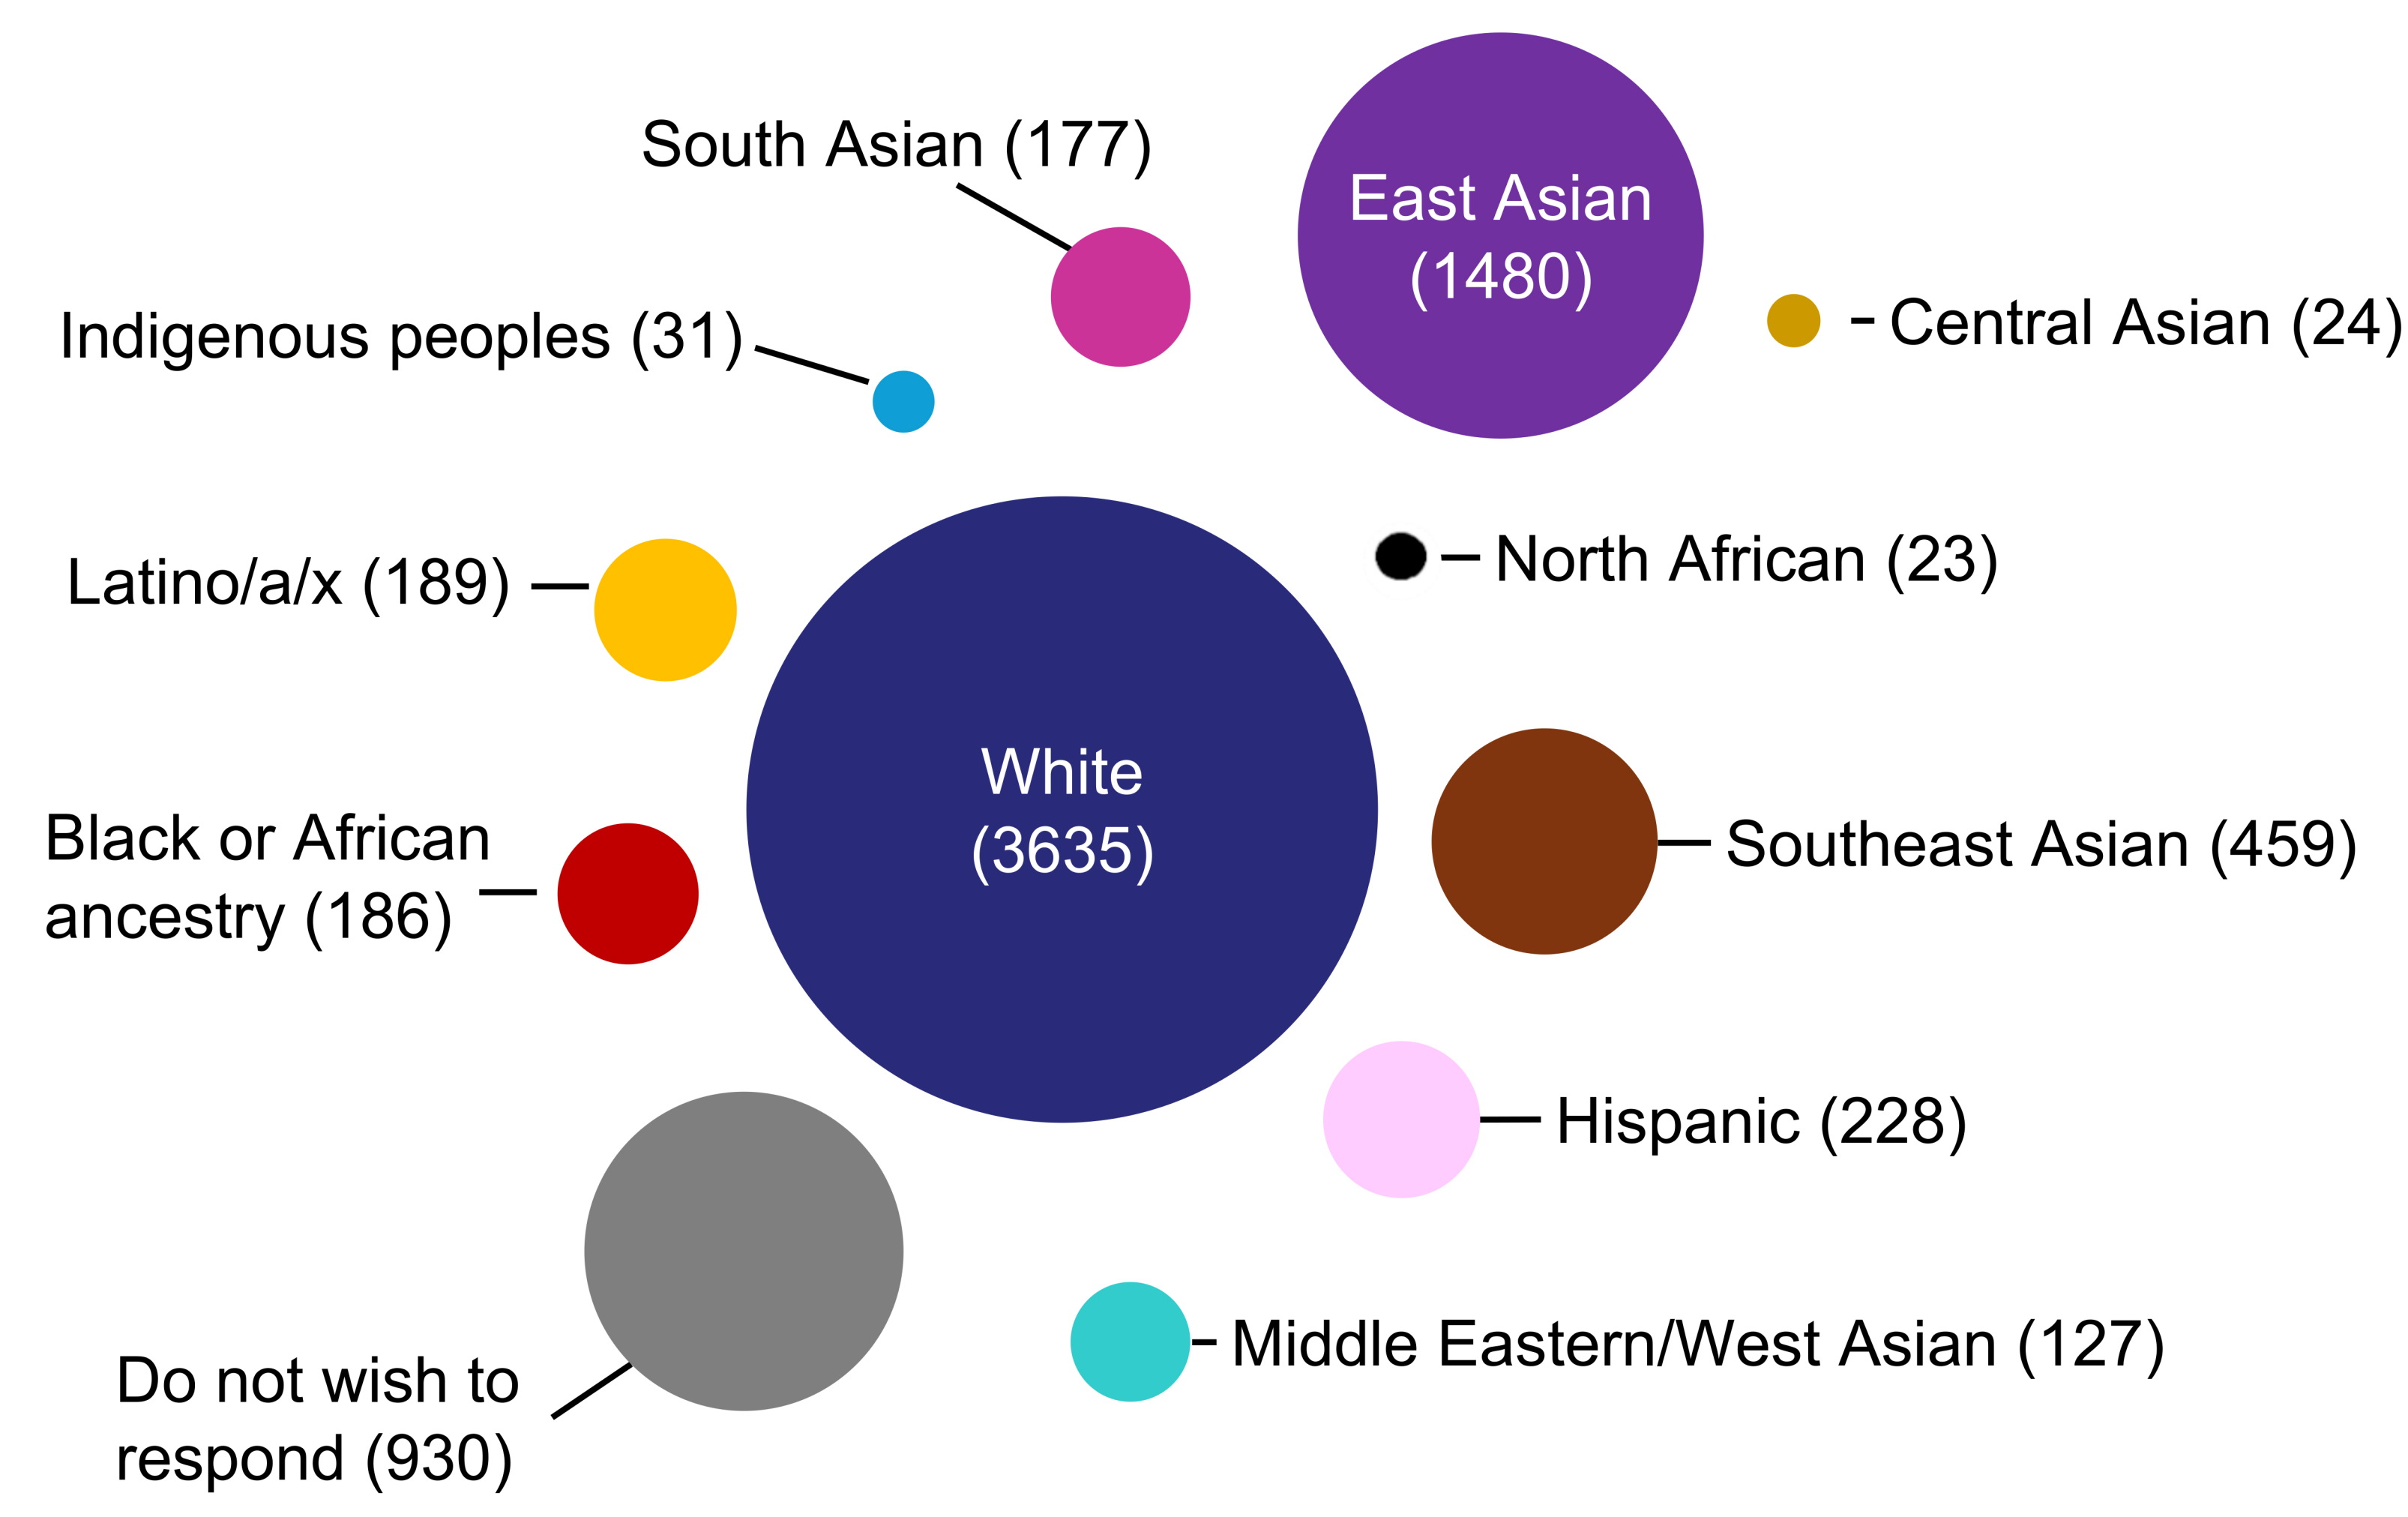

### Job Sector

Industry is the most common job sector, even if non-student academics are combined.

### Ethnicity/Race

The bubble chart (left) shows the total selections for each ethnicity/race. The upset plot (right) details the 4% of members who selected two ethnicities/races and 0.5% who selected three or more.

### Multiple Ethnicity/Race

The bar plot on top shows number of selections, and common selections are linked at the bottom.
