65th ASMS Annual Conference

June 4 - 8, 2017

Indianapolis, IN

www.asms.org/conferences/annual-conference

ASMS Asilomar Conference

Impact of Metabolomics in Translational and Clinical Research

September 29 - October 3, 2017

Asilomar Conference Center

Pacific Grove, California

www.asms.org/conferences/asilomar-conference

Organizers

Timothy J. Garrett, *University of Florida and Southeast Center for Integrated Metabolomics*

Christopher Petucci, *Sanford Burnham Prebys Medical Discovery Institute*

ASMS Fall Workshop

Top Down Proteomics

November 2 - 3, 2017

Hyatt Regency Boston Harbor

Boston, MA

Organizers

Ying Ge, *University of Wisconsin-Madison*

Ljiljana Paša-Tolić, *Pacific Northwest National Laboratory*

ASMS Sanibel Conference

Computational Methods: Modelling Structure and Reactivity in Mass Spectrometry and Ion Mobility Experiments

January 25 - 28, 2018

Hilton St. Petersburg Bayfront Hotel

St. Petersburg, Florida

<http://www.asms.org/conferences/sanibel-conference>

Organizers

Iain Campuzano, *Amgen*

Frank Sobott, *University of Antwerp*

Michael van Stipdonk, *Duquesne University*

ASMS Postdoctoral Career Development Awards

Up to five Postdoctoral Career Research Awards in the amount of \$10,000 each, sponsored by ASMS, are presented annually. The purpose of these awards is to promote the professional career development of postdoctoral fellows in the field of mass spectrometry. The awards are open to postdoctoral fellows within three years of completing a Ph.D. or equivalent degree. Applicants must be a member of ASMS, be currently appointed as a postdoctoral fellow in North America (e.g., in academia, industry, a government or national laboratory or at a research institute) and appointed as a postdoctoral fellow during the entire period of the award (June 1 – May 31), and may not have previously received an award under this program. The deadline for submission of completed applications is **November 30, 2017**. Additional information regarding the program, including eligibility, fiscal details and the application process, may be found at <http://www.asms.org/about/asms-awards/postdoctoral-awards>

ASMS Interest Groups

ASMS Interest Groups are for the benefit of ASMS members who wish to share information pertaining to the activities of the Society or related to mass spectrometry. There are currently 28 active interest groups for ASMS members. Most interest groups choose to organize an evening workshop at the annual conference. The evening workshops have become a vital part of the conference program allowing for interactions among peers in a less formal setting. Leadership of interest groups is driven by coordinators who are nominated or suggested by the interest group membership (typically during their annual evening workshop) and then formally invited by the ASMS Board.

Find the complete list of ASMS interest groups on this site at www.asms.org/member-center/interest-groups, then go to an interest group page to find coordinators, updates and annual conference reports from past interest group workshops.

To indicate your interest group preferences, login to www.asms.org and select 'My Profile'. Then select 'Edit My Profile and Interest Group Selections' and scroll down to check the boxes of all groups of interest to you. Be sure to continue to the bottom of this page to 'Save' your preferences.
